

UC DAVIS HEALTH

Date: Thursday, January 9, 2025

Time: 12:00 PM - 1:00 PM

Learning Format: Live Activity

Presentation Information:

- Internal Medicine: Grand Rounds; Morbidity, Mortality, Quality & Safety Conference
 - Spillovers: Assessing The Risk And Preparing For Disease X

Description:

Internal Medicine: Grand Rounds; Morbidity, Mortality, Quality & Safety Conference

Series Objectives:

- 1 Recognize and integrate evidence-based or best practices regarding diagnosis and treatment of common clinical syndrome or diseases.
- 2 Identify important advancements in sub-specialty internal medicine patients and institute an approach including when and how to refer such patients.
- 3 Increase proficiency in the quality and efficiency of the diagnostic process, including incorporation of best practice evidence for common bedside maneuvers into clinical practice.
- 4 Integrate up-to-date information on clinical ethics, quality improvement, and wellness into routine clinical practice.

Session Objectives:

- 1 Review current literature relevant to clinical infectious diseases
- 2 Discuss the quality of the literature presented defining strengths and weaknesses
- 3 Describe the ability to adapt this information to the practice of infectious diseases
- 4 Understand the causes of global zoonotic spillover and their role in emerging infectious diseases
- 5 Understand the real-world example of the Spillovers viral ranking system
- 6 Understand the program's policy implications and implementation challenges

Accreditation Statement:

University of California, Davis Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
