

**Date:** Thursday, April 17, 2025

**Time:** 12:00 PM - 1:00 PM

**Learning Format:** Live Activity

**Presentation Information:**

- Internal Medicine: Grand Rounds; Morbidity, Mortality, Quality & Safety Conference
  - Brain Injury Medicine Across The Continuum Of Care: Systems- And Evidence-Based Practice

**Description:**

Internal Medicine: Grand Rounds; Morbidity, Mortality, Quality & Safety Conference

**Series Objectives:**

- 1 Recognize and integrate evidence-based or best practices regarding diagnosis and treatment of common clinical syndrome or diseases.
- 2 Identify important advancements in sub-specialty internal medicine patients and institute an approach including when and how to refer such patients.
- 3 Increase proficiency in the quality and efficiency of the diagnostic process, including incorporation of best practice evidence for common bedside maneuvers into clinical practice.
- 4 Integrate up-to-date information on clinical ethics, quality improvement, and wellness into routine clinical practice.

**Session Objectives:**

- 1 Understand the core components of an effective brain injury neurorehabilitation system of care (broadly and specifically at UC Davis)
- 2 Understand the role of the brain injury physiatrist and allied health disciplines in brain injury evaluation, treatment, and neurorehabilitation
- 3 Learn key concepts in symptom management and harm reduction for individuals with acquired brain injuries

**Accreditation Statement:**

University of California, Davis Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit Designation:**
