

UC DAVIS HEALTH

Date: Tuesday, February 4, 2025

Time: 7:00 AM - 8:00 AM

Learning Format: Live Activity

Presentation Information:

- Orthopaedic Surgery: Morbidity and Mortality Conference
 - M & M 2/4/2025

Description:

The Orthopaedic Surgery Morbidity and Mortality Conference Series explores recent patient M&M complications. In these sessions, case studies are analyzed and assessed serving to determine systemic or physician areas of quality improvement. Through robust discussion best practice guidelines, prevention strategies and evidence-based methods are identified and implemented for improving care to current clinical and surgical quality improvement efforts.

Series Objectives:

- 1 Develop and apply quality improvement and prevention strategies by reviewing case studies.
- 2 Identify the systems processes that contribute to medical errors and adverse events.
- 3 Apply evidences-based methods for improving care to current clinical and surgical quality improvement efforts.
- 4 Apply knowledge from presentation to best practices.
- 5 Implement algorithms to enhance patient care.
- 6 Elicit and incorporate pertinent cultural data and address biases in diagnosis and treatment.
