

UC DAVIS HEALTH

Date: Tuesday, July 8, 2025

Time: 8:00 AM - 9:30 AM

Location: Ambulatory Care Center (ACC), Room 3759

Learning Format: Live Activity

Presentation Information:

- Neurosurgery Academic Forum
 - Neurosurgery Academic Forum - 7/8/2025 - BTB

Description:

In the Neurosurgery Academic Forum Series, learners will: 'Apply core Neurosurgical knowledge to patient care.' , 'Perform clinical procedures using correct technique with higher success and fewer complications.' , 'Utilize quality improvement and patient safety data and best practices to make significant changes to the clinical environment.' , 'Develop and teach topics using effective educational methods to ensure engagement, understanding, and retention.'

Series Objectives:

- 1 Apply core Neurosurgical knowledge to patient care.
- 2 Perform clinical procedures using correct technique with higher success and fewer complications.
- 3 Utilize quality improvement and patient safety data and best practices to make significant changes to the clinical environment.
- 4 Develop and teach topics using effective educational methods to ensure engagement, understanding, and retention.
- 5 Understand the cultural and language barriers that exist when providing neurosurgical care and describe the techniques one can use to recognize and overcome these barriers.
- 6 Recognize implicit biases that exist in the healthcare setting, especially those that pertain to sex, gender, race, and medical diagnosis, and develop strategies to identify, address, and prevent those biases from impacting professional interactions and clinical practice.

Session Objectives:

- 1 Review case, images, pathology and treatment recommendation of Case 1 - F
- 2 Review case, images, pathology and treatment recommendation of Case 2 - M
- 3 Review case, images, pathology and treatment recommendation of Case 3 - M
- 4 Review case, images, pathology and treatment recommendation of Case 4 - M
- 5 Review case, images, pathology and treatment recommendation of Case 5 - F
